On the bill to increase the pay of the non-commissioned ant interest. I am quite sure they will not thank ruption was the order of the day, and prodigal expenditures officers, musicians and privates, of the army of the us for keeping our hands out of their pockets, and deep taxation were the con-equence. But for the war United States, and the militia and volunteers in the while our army is likely to suffer the prosecution of the of 1812, and the Old Man of the Hermitage, now gone to Taken up by Almond Farner, in Maumee township, a certain cases.

Mr. WICK obtained the floor and said : Mr. CHAIRMAN: On yesterday, in discussing this bill, an honorable member from Kentucky [Mr. Thomasson] asked the question with much emphasis, whether the Secretary of the Treasury, (whose special function it is Democratic party on this floor could be serious, or sincere, in their apparent advocacy of this measure? As an Government,) that to carry on the war and sustain the indication of the contrary, the honorable member alluded to the fact, that on two occasions during the last session of Congress a great number of those composing that party here voted, apparently, against propositions for party here voted, apparently, against propositions for the contrary, the honorable member alluded to the contrary the contrary the foreign member alluded to t

cratic party, and on one, or both, (no matter which.) of oration. It was done for in such hot haste that I heard seded. If you have not the moral courage to do the right the occasions alluded to by the honorable member, I voted against the propositions for the raising of the pay of the volunteers—at least apparently; though I believe of country, at least do it in defence of your least do i I could satisfy any reasonable man that such votes were cast, not because of opposition to the measure itself, but from other prudential considerations, and that, too, indesting.

But upon all questions of marks. Appraised at twenty dollars by Joseph Johnson and brown mare, blind in the left eye, with a small white spot thirty six, in too aships and that, too, indesting to the bead, no other marks or brands perform other prudential considerations, and that, too, indesting to the bead, no other marks or brands perform the bonorable member from Illinois. It was not because of opposition to the measure itself, but from other prudential considerations, and that, too, indesting to the bonorable member from Illinois. It was not because of opposition to the bonorable member from Illinois. It was not because of opposition to the bonorable member from Illinois. It was not because of opposition to the bonorable member from Illinois. It was not because of opposition to the bonorable member from Illinois to the bonor pendently of subsequent action or votes on the same ral and proper that other honorable members should hise, or do nothing.

ded to, that I was making myself liable to much misrepresentation, and equally aware that the occasion my as a legislator! Now, one of those honorable radical principle, parties have almost universally found it description:—One red steer, with white forehead, marked would not be suffered to pass here, or elsewhere. But I members, whose names are literally stereotyped into our easier to unite upon the basis of Executive recommendaalso know my motives and intentions were correct, and 1 Journals and the newspapers of the day, as a mover of all tion, than upon any other ground. And this conclusion bit in the left ear. One black and white spotted steer, mark-

of honest men. world; and under such circumstances, a prudent man might well pause before he would give a vote involving an increased probable expenditure of many millions, the an increased probable expenditure of many millions, the this House, pocket a long mileage and per diem, and vote United States in the field of war operations. measure from which such expenditure would result being this House, pocket a long mileage and per diem, and vote a blaze in his face, left eye blind, with some white hans all tice Elanthin Cory, and against taxation over him, both hind feet white, fresh shall all count with suddenly sprung upon us, and we forced to you without tone for consideration; for as I understand the matter, the highest of our daties here is, to guard the pockets of tor! Sir, I knew a legislator of this stamp long ago. He

produgal expenditure from which it must result. out at demagagues and malcontents, and was better than said his art was a secret, but he would communicate it support from the Whig side of the House? The reverse day of January, 1817, an estray mare, supposed to be seven three. any motive of theirs deserved, yet it would, of itself, by out of great good will to his friend. He said: "Never do altogether, except when a plume can be picked up for an vears old, a bright bay, with a star in her forehead and a small let and Aaron Nutt, before ju-tice B. F. By the President: JAMES K. POLK. James H. Pipen, Acting Commissioner of the General Land Office. The lands embraced by the above proclamation of the President

From the great number of these mines, it would be im practicable to give an adequate idea of their character and location, withour extending this notice beyond proper bounds. It is sufficient to state that they are setuated in the section of country bound d un the south by the litimus State line; on the west, by the Mi-sissippl river; on the morth, by a time drawn nearly parallel to the south side of the Wisconsin river, at the average distance of ten or twelve miles therefrom, and on the cast by a meridian line passing through the schreet of Sugar Creek, the whole district covering a surface equal to about sixty full townships. All necessary facilities for transporcing the products to a market are afforded by the Mississips praed Wisconson rivers, and toer tributaries, the Blue, Grand Platte, Pekatonika, and other revers by which the district is refer-

The above district was explared by Dr. Owen, the geologist of he State of Indiana , under metre erious from the Treasury Departs ment, and in compliance with a resolution of the House of Representatives, passed the 6th of February, 1849. The able report of this gentleman, published in 1844, with the charts and illustrations, Senate document, No 407, 1st session, 25th Congress,) contains price-e information as to the location of each mine, and shows, that in 1539, the lead mines of Binous, Iowa, and Wi-consin, though only partially worked, produced opwards of therty millions pounds

ADMINISTRATOR'S SALE.
